### Principal's Report

School improvement plan required for C/D/F schools. Not required for us, but we submit Goals each year in lieu of that (submit 14 goals to Dr. Santa Lucia, outside evaluator hired by PCSB to work with charter schools)

More than 70% of families participate in some event = parent involvement goal (not based on hours done)

May not meet 70% acceleration of "Algebra placement for 8th grade" Goal due to sizes of classes

Lease up at end of next school year. Will be looking for new facility.

School recognition funds (see printout). Funding comes from the lottery and is allotted to schools by # of students enrolled (FTE). Teachers voted for the money as bonus. Debating if those who left on good terms (2 teachers) should still get the bonus (52% on survey said no). Motion to vote that money used as teacher bonus, and 2 who are left on good terms get 50%, the rest of that money goes back to teachers. 5 in favor. 1 opposed and suggests keeping that 50% from the 2 teachers for school improvement (a researched based program for reading disabilities - will be asking PTO to support this as well). All funds divided evenly among Teachers/Staff (see list)

Facility Committee needs to be established (see printout).

Parents: Farrah Vann, Elizabeth Dolezal

Students: Teddy Tsengouras (StuCo), 7th grader Vasili Loumakos

Staff: Mittica, Blair, Mitsos

Will meet once a month to share checklist and pass on to admin.
